Expert advice, local knowledge, industry leading products and service

We live in and know our local conditions, so we can provide you with solutions that work in our region and those all-important maintenance and back-up services.

We proudly stock some of Australia's and the world's most advanced water management and supporting technologies, such as — Brown Brothers Engineers, Cummins, DAVEY, HR Products, iPlex, Lowara, Mono, Netafim, Philmac, Polymaster and Vinidex are just a few.

We're also the leading supplier of Valley Center Pivots and Linear Moves irrigators in our region — having installed over 260 machines throughout Victoria and New South Wales.

A national resource base

As a Foundation Member of IRRIGEAR STORES, our customers have the benefit of a nationwide knowledge and support network, as well as best value product and service pricing.

Find out more about us — visit our website, or better still — call or visit us!
